Ohio County Boys Called

Seventy-one of Our Drafted Boys Are Given Notice to Report Here at 4 P. M. To-day.

16 ALTERNATES ALSO SUMMONSED

Ohio County's First Increment of The New National Army to Leave Here To-morrow at 8:45 A. M. for Camp Taylor.

Seventy-one of Ohio county's sons have been called to gather here on this evening at 4 o'clock, preparatory to leaving here in the morning at 8:45 for Camp Zachary Taylor, near Louisville. In order that the full number may be made up, and for emergencies that may arise, sixteen alternates have been directed to be on hands to take the place of any who can not, for valid reasons, be sent with this first 71.

The company has been routed so that it should reach Louisville between 4 and 5 o'clock to-morrow afternoon, thereby giving the boys the advantage of daylight arrival.

Citizens of Hartford are arranging to entertain the boys to-night in their homes and they are certain to get a good hearty hand on their leaving, notwithstanding the parting for the most of us will be a sad one.

The first 71 herebelow are those who have been selected as the county's first, they being first in the order of call:

BOILED DOWN.
Russia has again proclaimed a Republic.

The report last week of a U-boat off the New England coast has proven ungrounded.

Russian forces are again showing activity on the Eastern front and have won some positions.

Three hundred thousand men of the National army will move toward the sixteen cantonments to-morrow.

Congress will probably adjourn in next month for a breathing spell before the opening of the December session.

Davies county will send 87 young men on a special train from Owensboro to Camp Taylor at Louisville, Saturday.

On account of a short wheat harvest the Italian government has adopted the bread card method of limiting consumption.

NAVY LEAGUE COMMITTEE WILL DEFY MR. DANIELS

Washington, Sept. 16.—The Committee of the Navy League announced to-night that it would continue to send articles to sailors, in the name of its honorary chairman, Mrs. George Dewey, in spite of Secretary Daniels' order that all relief and comfort contributions to the navy must be handled through the American Red Cross.

Australia has contributed to the war in all 361,949 men, according to an official report compiled by the defense authorities. Of the total number of youths and men in Australia, 14.18 per cent have enlisted.

RUSS TO BUILD UP GREAT ARMY

GOVERNMENT ON POINT OF AT-TAINING IMPORTANT REFORMS.

WAR MINISTER TALKS

Says Germany In Error In Thinking Revolt Has Destroyed Forces Of Russia.

Petrograd, Sept. 18.—It was announced from an authorized source that the reorganization of the headquarters staff has been completed and that the new High Commands will enter upon their functions forthwith. The War Minister, Gen. Verkhovsky, has informed the newspaper representatives that the Government is about to realize a series of important reforms with the object of creating a strong revolutionary army.

It is authoritatively stated that the Government considers the proclamation of a republic as merely a declaratory act and does not propose to reform a republican administration before the constituent assembly is convened.

The commission of inquiry sitting at Pakoff has ascertained that Gen. Klembovsky did not participate actively in the Korniloff revolt. The commission, therefore, declares that he is not liable to arrest. The evidence in the case has been forwarded to Premier Kerensky.

Premier Kerensky, accompanied by Gen. Verkhovsky, Minister of War, and Admiral Verdevsky, Minister of Marine, left Petrograd last night for the Russian general army headquarters in the field of Mohilev.

Significance is attached to this visit to Mohilev because of the probable action to be taken by the Ministers in the case of Gen. Korniloff, leader of the recent revolt, who with other Generals is under arrest there. The journey of the Ministers also gave rise to a report that the Government was planning to remove from Petrograd.

New Note of Firmness.

The submission of Gen. Kaledines, the Cossack leader, has removed the menace of a second march on Petrograd and materially clarified the situation and lightened the burden of Premier Kerensky and his associates in the Committee of Five. A further favorable indication is a seeming tendency on the part of the Workmen's and Soldiers' delegates to show less objection to a coalition Cabinet, and it is believed that on his return from field headquarters the latter part of the week the Premier will announce the constitution of the Ministry.

It is expected that this will meet with active opposition on the part of the Bolsheviks, who demand the complete elimination of the Bourgeoisie element from the Government. But with assurances of support from the army and the reasonable element of the Socialists, the Government has no fears of the result of any clash with the Radicals.

A new note of firmness is observed in the latest orders to the army and fleet, in addition to which announcement is made that no further activity by self-constituted organizations will be permitted. The last announcement was prompted by the appearance of so-called Committees for the Salvation of the Revolution, which assumed governmental military powers in Petrograd with the aim of opposing alleged counter revolutionary conspirators. Premier Kerensky, while acknowledging the good intentions of these bodies, declares that the need of their assistance is past and that they will be suppressed.

Gen. Verkhovsky, the new War Minister, in his first press interview since he assumed office, said:

"The first task of my associates and myself is to create an army on the basis of those of other nations. I can assure you that the measures which will be taken will create a mighty revolutionary army. It is a mistake for Germany to think that the revolution has destroyed the Russian army. It will soon become strong again and will resist to the end of the dignity and safety of the fatherland."

The War Ministry has been placed

in close contact with and under the direct control of the Premier and Commander-in-Chief for better co-operation in the work of the reorganization of the army.

Rumors of the proposed removal of the seat of government to Moscow are denied in official circles, where it is pointed out that no political or military reason for such removal exists.

The probable action of the Premier and his associates in the case of Gen. Kaledines excited interest also. The General yesterday offered his resignation as Hetman of the Don Cossacks. A government statement declares Gen. Kaledines announced he had no intention of starting a counter revolution and was ready to come to Mohilev to explain his actions.

Premier Kerensky, in a proclamation issued yesterday, appealed to the population and to the men of the army and navy to be calm, to trust the Government and to continue to fight the enemy.

Preparations continue for the Democratic Congress proposed to be held in Petrograd on September 10, old style (September 23).

The Democratic Congress referred to is probably the one proposed by the Petrograd Council of Soldiers and Workmen's Deputies, according to dispatches of September 15, when the council announced it had decided to convoke immediately a general conference of representatives of the whole organized democracy.

U. S. TO TAKE PART IN NAVAL POLICY CONFERENCE

Washington, Sept. 18.—Dispatches received here to-day from Europe disclose the fact that a conference is to be held in Paris early in October at which naval matters of an unstated nature are to be taken up by representatives of the Allied Governments. According to *les Nations*, an Italian paper usually well informed, the United States is to participate in the discussion.

Officials here would not comment upon the report further than to say that no "political" conference was in prospect.

The extent of American participation in the deliberations probably would be limited. Since the United States is not at war with Austria, Vice Admiral Sims, commanding the American naval forces in European waters, probably would not take part in a discussion of measures to support the Italian drive with naval operations in which British and French ships might participate.

There is the possibility, however, that means to curb the operations of Austrian and German submarines and open another route to France by way of the Mediterranean for American troops or supply ships may be in contemplation. In that event the United States might participate in any joint action of the Allies to clear the Mediterranean of hostile submarines, regardless of whether the U-boats were German or Austrian.

FORMER KENTUCKIAN TO HEAD FLORIDA UNIT

Paris, Ky., Sept. 18.—Information has been received here from Tampa, Fla., that R. Davis Hutchcraft, son of Perry Hutchcraft, of Paris, who has been living in Tampa, will have charge of the 40 per cent draft quota of Hillsborough county, Florida, when that body leaves for the cantonment at Columbia, S. C. Mr. Hutchcraft is a newspaper man, serving his apprenticeship as reporter on the *Courier-Journal*. He comes of fighting stock, being a great-great grandson of Gen. Samuel Williams, a hero of the War of 1812; a great-great nephew of Gen. John S. (Cerro Gordo) Williams, of Mexican and Civil War fame; a great nephew of Gen. John Thomas Croxton, of the Civil War, and a grandson of Col. R. W. Hutchcraft, who served in the Civil War from Bourbon county.

BAKER HELD FOR THREAT TO POISON U. S. ARMY

Chicago, Sept. 18.—Carl Reiger, 28 years old, a baker subject to service in the United States army, is being held by government officers here charged with having uttered a threat to poison the entire United States army.

According to witnesses, Reiger recently in the course of an argument on the subject of conscription said if he were drafted he would serve as a baker and put poison in all the bread he made.

SEPT. 26 FIRST BOND DELIVERY

RESERVE BANKS TO DISTRIBUTE BONDS TO MORE THAN 8,700,000.

Washington, Sept. 18.—Delivery of Liberty Bonds to subscribers, Secretary McAdoo announced to-night, will begin September 26. The twelve Federal Reserve Banks will distribute the issue. Considering the probable retention by many subscribers of interim certificates, already issued, officials estimate that the work of distribution will require several weeks.

The huge issue is larger in the number of bonds required than first reports, based on more than 4,000,000 individual subscriptions, indicated. The number of coupon bonds, Secretary McAdoo announced to-night, is estimated by Federal Reserve Banks as in excess of 8,700,000 pieces, of which more than 7,000,000 are of the \$50 and \$100 denomination.

In announcing the date for the commencement of deliveries, Secretary McAdoo repeated his suggestion that holders of interim certificates would find it to their advantage in many instances to hold the certificates, instead of exchanging them for bonds, until Congress dispose of the bill authorizing 4 per cent interest rate on the next offering.

Urged To Aid Government.

"It is apparent," read Secretary McAdoo's statement, "that if pending legislation should be enacted and bonds should be issued bearing interest at a higher rate than 3 1/2 per cent per annum and exempt from the normal income tax, in view of the resulting privilege of conversion, the demand for definite 3 1/2 per cent Liberty Bonds, particularly those of the small denominations, would be greatly reduced.

"It is apparent also that much of the demand for bonds of small denominations comes through employers and others who have subscribed for bonds for their employers and customers under arrangements allowing the latter to make payment in installments over an extended period and therefore the immediate delivery.

"Employers, banks, trust companies and others are urged to aid in relieving the Government and the subscribers whom they represent of the troubles and expense incident to the delivery of great numbers of bonds in small denominations at this time, particularly in cases where subscribers have not made payment in full for their bonds, by accepting and procuring the acceptance in the first instance of bonds of the largest denominations possible, and of registered bonds rather than coupon bonds in case of large subscriptions, and by retaining or procuring the retention of the full-paid interim certificates until Congress shall have acted in the matter of pending legislation and the rate of interest to be borne by any new bonds respect to their exemption from taxation and other matters shall have been determined.

J. W. HENSON FOR APPELLATE JUDGE

The Henderson Daily Gleaner of date Sept. 16, 1917, announces the candidacy of the Hon. J. W. Henson, of that city, from the Second District, to succeed Judge W. E. Settle, of the Kentucky Court of Appeals.

Judge Henson is well known and liked by all who know him here, having served as Special Judge of the Ohio Circuit Court, and the way in which he discharged his duties and dispatched the business of the court was favorably commented upon by all.

GASOLINE \$1 GALLON IN HAVANA—AUTOS RETIRE

Havana, Sept. 18.—More than a thousand automobiles in Havana have been forced into retirement by the action of retail gasoline dealers in jumping the price from 47 cents a gallon to \$1 and in some instances to \$1.20.

It was intimated the supply is adequate for all needs and that the action of retailers is unjustified and that prosecutions will follow if they persist in their excessive demands.
